## Dana-Farber/Brigham and Women's Cancer Center at Faulkner Hospital

Dana-Farber Cancer Institute and Brigham and Women's Hospital work together to provide the best possible care to adults with cancer or certain blood diseases. These adjoining institutions in Boston's Longwood Medical Area form Dana-Farber/Brigham and Women's Cancer Center (DF/BWCC), and are teaching affiliates of nearby Harvard Medical School.

DF/BWCC at Faulkner Hospital is located in Jamaica Plain, just 3.4 miles from the main campus in the Longwood Medical Area. Some DF/BWCC patients receive care for certain types of cancer in this satellite clinic. All patients have access to support services and other resources at the main campus.

There is a shuttle from Brigham and Women's Hospital to Faulkner Hospital. To view the schedule online, visit [www.dana-farber.org/faulknershuttle](http://www.dana-farber.org/faulknershuttle).
