Friday, December 4, 2015

12:00 Noon – 1:15 PM
Trainee Day:
Didactic Session 1: Basic Elements of Grant Writing
Speaker: Benjamin Ebert, MD, PhD

1:00 PM – 6:00 PM
Special Symposium on Targeting the Epigenome
Chair: James E. Bradner, MD

Special Symposium on Precision Medicine in Cancer Therapy:
Insights from the Study of Exceptional Responders
Speaker: Nikhil Wagle, MD

Saturday, December 5, 2015

7:30 AM – 9:00 AM
Update in Large Cell Lymphoma
Chair: Ann S LaCasce, MD
Scientific Committee on Hematopathology and Clinical Laboratory
Hematology Clonal Diversity and Mutated Genes in Myelodysplastic Syndromes
Speaker: Benjamin L. Ebert, MD, PhD

9:30 AM - 11:00 AM
Novel Approaches to Acute Lymphocytic Leukemia
Speaker: Daniel J. DeAngelo, MD, PhD

Scientific Committee on Immunology and Host Defense
Speaker: Catherine J. Wu, MD

11:15 AM – 12:00 PM
HOW I TREAT: BRINGING SCIENCE TO CLINICAL DILEMMAS
Lower-Risk Myelodysplastic Syndromes
Speaker: David P. Steensma, MD

11:15 AM – 12:15 PM
MEET THE SCIENTIST:
Translational Research in Malignant Hematology
Speaker: Benjamin L. Ebert, MD, PhD

Career-Development Lunch Session
Malignant/Bone Marrow Transplant
Richard M. Stone, MD

2:00 PM - 3:30 PM
Contemporary Therapy of Lymphoma: Checkpoint Blockade in Lymphoma
Speaker: Philippe Armand, MD, PhD
Saturday, December 5, 2015

4:00 PM – 5:30 PM
Update in Large Cell Lymphoma
Chair: Ann S LaCasce, MD

Scientific Committee on Immunology and Host Defense
Speaker: Catherine J. Wu, MD

Scientific Committee on Plasma Cell Neoplasia The Path Toward Curing Multiple Myeloma
Speaker: Franziska Michor, PhD

Sunday, December 6, 2015

9:30 AM - 11:00 AM
Contemporary Therapy of Lymphoma: Checkpoint Blockade in Lymphoma
Speaker: Philippe Armand, MD, PhD

Optimizing Transfusion Therapy: Implementing a Blood Management Program to Optimize Transfusion Utilization
Speaker: William Savage, MD, PhD

9:30 AM - 11:00 AM
Scientific Committee on Hematopathology and Clinical Laboratory Hematology
Speaker: Benjamin L. Ebert, MD, PhD

Hemophagocytic Lymphohistiocytosis in Adults
Chair: Nancy Berliner, MD

11:15 AM – 12:15 PM
HOW I TREAT: BRINGING SCIENCE TO CLINICAL DILEMMAS
Lower-Risk Myelodysplastic Syndromes
Speaker: David P. Steensma, MD

MEET THE SCIENTIST: Translational Research in Malignant Hematology
Benjamin L. Ebert, MD, PhD

2:00 PM- 4:00 PM
Plenary Scientific Session
Speaker: Richard M. Stone, MD

*Time TBD
Plasma Cell Disorders Other Than Myeloma
Amyloidosis and Waldenström Macroglobulinemia
Speaker: Steven P. Treon, MD, PhD
Monday, December 7, 2015

7:00 AM - 8:30 AM
Hemophagocytic Lymphohistiocytosis in Adults
Chair: Nancy Berliner, MD

10:30 AM - 12:00 Noon
Optimizing Transfusion Therapy:
Implementing a Blood Management Program to Optimize Transfusion Utilization
Speaker: William Savage, MD, PhD

1:30 PM – 2:30 PM
Ernest Beutler Lecture and Prize
Understanding the Proteasome: From Protein Degradation to Disease Therapy
Moderator: Kenneth C Anderson, MD
Dana-Farber Cancer Institute
Harvard Medical School

Speaker: Paul Richardson, MD
Dana-Farber Cancer Institute
Harvard Medical School

Tuesday, December 8, 2015

7:30 AM – 9:00 AM
Late-Breaking Abstracts Session
Co-Chair: David P. Steensma, MD
Dana-Farber Cancer Institute
Harvard Medical School
