

Breast Ultrasound Patient Instructions

How to Prepare

- If you have any prior mammograms or breast ultrasounds, please bring them with you to your appointment. The radiologist needs to review these images to complete your exam.
- Your images should be on a CD.
- It may be helpful to wear a two-piece outfit for ease and comfort, since you will change from the waist up.
- Please be prepared to remove any powder or deodorant prior to imaging. Some deodorants may affect image quality.

Need to Reschedule?

If you need to reschedule your appointment, please call the doctor's office.

How to Find Us
