

## Mammogram Patient Instructions

### How to Prepare

- If you have any prior mammograms or breast ultrasounds, please bring them with you to your appointment. The radiologist needs to review these images to complete your exam.
- Your images should be on a CD.
- It may be helpful to wear a two-piece outfit for ease and comfort, since you will change from the waist up.
- Please be prepared to remove any powder or deodorant prior to imaging. Some deodorants may affect image quality.

### Need to Reschedule?

If you need to reschedule your appointment, please call the clinic that scheduled your appointment. If you do not see a Dana-Farber clinician and you need to reschedule your exam, please call Imaging scheduling at **617-632-4444**.
