Dear Friend,

Welcome to our Young Adult Program (YAP) E-Newsletter! The YAP e-news provides program updates, local resources, and information about upcoming events for patients, families, supporters, and staff in the young adult community.

Are you looking to try a support group?

Interested in connecting with other young adults with cancer? Join our free in-person support groups tonight, Wednesday, May 17, from 5:30-6:30 p.m. ET using your name to register.

Our next Caregiver Connect group is on Monday, June 12 from 5:30-6:30 p.m. ET. Your caregiver can register with their name to sign up. All caregivers of young adults are encouraged to try.

If you have a friend or loved one who might benefit from caregiver support, please forward this email to them to learn more about the program for caregivers. This will be the first of Zoom sessions held weekly. Each session will focus on a specific topic, with additional time to share experiences with peers. The same caregivers will be present for the entire series.
