Scheduling
Call (617) 632-3322 or email zakim_center@dfci.harvard.edu

Payment
Contactless payment is preferred. Please pre-pay in Patient Gateway using the E-Check In option. If you cannot pre-pay, we will still accept card or check at the time of the appointment.

COVID-19 Screening Process

Step 1
Zakim Staff will conduct a pre-screening during your appointment reminder call. Pre-screenings over the phone do not take the place of the in-person screening.

Symptoms screened for: fever or feeling feverish, cough, shortness of breath, loss of taste or smell, nausea, nasal congestion or runny nose, sore throat, muscle aches, rash

Step 2
Upon arrival at DFCI, go to the Yawkey lobby to be screened. All patients are screened only in the Yawkey building, even though your scheduled appointment is in the Zakim Center. Screening can take up to 20 minutes. Please plan your arrival accordingly.

Arrival at the Zakim Center
Due to limited space in our waiting room, we ask that you arrive no earlier than 10 minutes prior to your appointment. Follow the instructions of Zakim Staff upon arrival.

Things to Know
Currently, we are able to offer acupuncture and massage appointments in-person. Please consider our virtual services and virtual group programs if you’re interested in exercise, meditation, music, or nutrition. We apologize for any inconvenience and remain committed to safely reopening more services over time.

Unless pre-approved per Dana-Farber’s visitor guidelines, patients are not permitted to bring a companion with them.

Masks must be worn during the entire treatment visit, even when the provider is out of the room. If you cannot tolerate wearing a mask for the duration of the appointment, your visit should be delayed.
