

Catherine Myers Skefos, MA, MS, LGC

Genetic Counselor

Biography

Catherine received an M.S. in Genetic Counseling from the University of Alabama at Birmingham in 2019. Prior to that, she received an M.A. in Medical Anthropology from the University of South Florida, where her research focused on health care access and health disparity. Catherine has a special interest in teaching, particularly educating health care providers and others about the benefits of genetic counseling and testing with the goal of improving patient access to genetic services. She joined the Dana-Farber genetics team in 2019 and provides genetic counseling for pediatric and adult patients.
