Nancy Bailey, RN, BSN, MBA, OCN

Oncology Nurse Navigator, Gastrointestinal Cancer Center

Biography

Nancy has spent the majority of her career following her passion to provide the highest level of primary nursing care to oncology patients in the ambulatory setting. Her early professional practice was focused on critical care nursing. Her experience includes patients with primary and metastatic brain tumors, metastatic melanoma and gastrointestinal malignancies. Nancy has a special interest in patient and caregiver education, support and advocacy.
